NEWS AND VIEWS . . .

And What Have You By BOB CRAIG

Some random notes following the opening game of the new football season.

I was very impressed, and I think most Hamlin fans were too, with the play of our young ball club in their opener. Their defensive efforts, particularly on their own goal line, were quite impressive. It took the boys a little while to find their offense but when they did it really exploded.

It is too early to make any kind of predictions as to their won-loss record for the year, but it is not too early to predict that they are going to be an exciting team to watch.

Although most of them seemed to show up just about at kickoff time, the turnout for the first game was real good and I hope it will continue that way throughout the season. Might I suggest though that those of you arriving late are missing a lot of the color and excitement of the pre-game ceremonies.

And if you arrived too late to hear Terrie Gregory sing the "Star Spangled Banner" and "The Piper Song" you missed a real treat. This is a special added touch that I hope can be continued through the years.

Sitting up in the press box before the game started it occured to me that high school football has become quite a production and is probably one of the best entertainment buys to be found anywhere. With all of its tensions, the bands, the cheerleaders, the drama and the excitement that all go together to make up high school football it makes for quite an evening. I suspect that those people who don't even like football would find the evening worthwhile.

People pay \$6 and \$7 to see pro games and nearly that much to see college games and I doubt if they really get as much for their money.

As in seasons past, the Hamlin Volunteer Fire Department was on hand to park cars again and they do a remarkable job. I have not been to a game anywhere else where the parking was handled any better.

I also noticed that the Hamlin Police Department was on hand after the game to direct traffic and I believe this too was appreciated by the fans.

See you in Clyde Friday.

Bobby Crowley, local postmaster, reports that the rural mail carriers have seen a lot of rattlesnakes around the rural mail boxes in the past few weeks. In fact they have killed

For the safety of the people getting the mail out of these boxes they urge that the approaches be kept clean the year round. It is expected that snakes will be moving around a lot for the next 45 days or so as they are traveling back to their dens.

There are still some unanswered questions concerning the House redistricting since the State Supreme Court turned down the bill passed by the Legislature as unconstitutional. But one thing at least, it is not likely that Jones County will be split into two different districts whenever the job is done over.

At this point it is not certain just who will get the job of drawing up the new lines but they will have to have a very good reason before dividing a county into two different districts unless the county is big enough to have one or more districts.

State leaders are hoping that the Supreme Court will settle the questions as to whether the Legislature will have to do the job over or if the special committee can do it.

SHORT YARDAGE — Albert McAfee (25) sophomore fullback goes for short yardage against the Winters Blizzards here Friday evening. McAfee carried 22 times for a total of 79 yards during the game. Other Pipers in the picture, left to right, are: Dwayne Hertel (51), Fernando Rangel (61) and Mike

Pipers to Journey To Clyde Friday

The Hamlin Pied Pipers will be out ot avenge their 30-14 loss last year to the Clyde Bulldogs Friday evening when the journey to Clyde for a rematch. The Pipers will be seeking their first win of the young season after dropping their opener to Winters last week, 21-16.

Kickoff time will be at 8 p.m. The Bulldogs will be seeking their second win of the season Friday, following their last minute 14-7 victory over Merkel.

The Pipers hope to have senior Fullback Barry Mc-Donald back in the lineup for the game Friday. McDonald was in the hospital over the weekend and missed the game with Winters. Coach Deane

Wright said the Pipers came out of the Winters game without any injuries and should have everybody ready for Clyde.

In reviewing the game for the Pied Piper Booster Club Monday evening, Coach Wright said that the coaching

Booster Club Seeks Money For Scoreboard

The Pied Piper Booster Club voted here Monday evening to undertake a fund raising project to replace the scoreboard at the football field. The new scoreboard is expected to cost about \$1,300.

It was pointed out at the meeting that the man that services the scoreboard has told the school that the present clock is just about worn out and that this will be about the last season that they can expect it to work.

The new clock would be a count-down type with lighted numbers. Both the clock numbers and the score numbers would be of the daylight type that could be seen during the early evening games.

James Rodgers, president, named Kenneth Hertel chairman of the committee to organize the fund drive. Serving with Hertel will be Rodgers. Melvin Scott, Ewell Mackey and Bob Craig.

JV's to Travel To Rotan Tonight, Win Opener, 6-0

The Hamlin Junior Varsity football team will travel to Rotan tonight (Thursday) for a 7:30 game with the Rotan Junior Varsity.

RUBELLA - One dose of The Hamlin JV's won their vaccine. Not required past age opener last week by defeating Haskell here 6-0. The game was SMALLPOX - One vaca hard fought defensive battle cination within the past 10 with Bill Cork scoring the only touchdown from 30 yards. Cork, Mrs. Wallace re-emphasized assisted by a key block, broke the fact that the children must one or two tackles, leaped over

two points failed.

staff was very proud of the way the boys played against Winters. He said we made a lot of mistakes, which was not unexpected from such a young club, but the boys never did

Scouting reports on Clyde show that they have a big team again this year with their front line weighing over 200 pounds per man. Top ball carrier for Clyde is Gary Barr at halfback, who saw lots of action against Hamlin last year as he carried 26 times for 114 yards.

Running in the backfield with Barr will be Jackie Fleming at quarterback who throws the ball real well long, Doug Horner at halfback who is a good receiver and also passes on the option sweep or pass play, and Endgate Hawk at wingback. Taking Barr's place in the backfield during part of the game against Merkel was Craig Loper who is fast and a hard

Townspeople Invited to Pep Rally Friday

An invitation to the townspeople to attend the Friday pep rallys has been extended by the cheerleaders of Hamlin High School.

Shelley Holtz, head cheerleader, said that the cheerleaders would like to have as many as possible of the adults of Hamlin attend.

The pep rally will be held at 8:30 a.m. Friday in the practice gym at the high school.

Cheerleaders this year are Diane Ford, Becky Wright. Pam Peace, Ken Shira Stephanie Willingham and Miss Holtz.

Fans of all ages are urged to be on hand to give the players a big send off for the first out of town game with Clyde.

"We are proud of our Pipers and we want them to know that we are behind them," the cheerleaders said.

Lone Star Gas Moves Office

The Hamlin office of Lone Star Gas moved into a new building here Monday, according to local manager Wayne West.

The firm is now located next deor to Feagan Oil Company on South Central.

Free Public Immunization Program For Children Planned Here Monday

A free public immunization for children will be held here Monday, Sept. 20, according to Mrs. W. W. Wallace, school

The clinic will be set up in the junior high building in the auditorium from 10 to 12 a.m. In the afternoon it will be operated in the primary school cafeteria from 1:30 to 3 p.m. Parents of pre-school children are urged to take their children to either building.

The Senate Bill 27, amending section 2.09 of the Texas Education Code, was signed into law by Governor Preston Smith Apr. 26. This law is now in effect and requires that all children entering Texas elementary or secondary schools or institutions of higher education must have been immunized against six diseases: diptheria, tetanus, poliomyelitis, measles, rubella

and smallpox. The law states that "the State Department of Health shall provide the required immunizations to children in areas where no local provision exists to provide these services."

The clinic to be held here will be under the direction of John Black of the State Health Department. Immunizations to be given will be diptheria, whooping cough, tetanus, polio and both measles. Smallpox will not be given at this time but arrangements may be made with Mrs. Wallace at the school for administration to school age

The Monday clinic is the first of three clinics to be held a month apart. A fourth clinic will be set within a year to complete the polio dosage. Dates for the other clinics will be announced later. Mrs. Wallace said. Complete immunization will result from attending all the

LETTERS MAILED-

Activities for Homecoming Announced By Ex-students

Some 2,000 letters have been mailed to former students and teachers of Hamlin High School announcing plans for the annual Homecoming to be held Oct. 8, 9, according to Jack G. Willingham, president of the Hamlin High School Ex-

students Association. Activities will get underway Friday, Oct. 8, with a Chili Supper at the high school cafetorium from 5:30 to 7:30 p.m. Raymond Scifres and J. O. Murphree are chairmen.

The Bonfire and pep rally will be staged near the stadium after the chili supper. Shelley Holtz and Miss Dora Mitchell are making arrangements for this event.

Saturday's activities include a coffee for ex-members of the National Honor Society at 10 a.m.

The noon luncheon to be catered by Doby's Hickory Stick in Odessa will be served from 11:30 to 1:30 p.m. Serving on this committee will be Don Gregory, Raymond Scifres, and Jerry Smith.

John Ferguson is program chairman for the business meeting to be held from 1:30 to 2:30 p.m.

Highlighting the homecoming will be the football game at 7:30 p.m. in Piper Stadium when the Pipers meet Jacksboro.

The after-game coffee will be planned by Mrs. L. C. Bonds. Other committee chairmen named include Mrs. Kenneth Riddle, hostess for the queen; Mrs. Holman Jones, ex-student float; Mrs. Guy Weaver, Little Piper float; Student Council, downtown decorations; Arlie Cassle, window decorations for

dues

Fire Department Seeks Repairable Toys for Project

The Hamlin Volunteer Fire Department is voicing a plea for toys in good or repairable condition, especially bicycles and tricycles.

This has become an annual Christmas project for the Fire Department and many good toys were distributed to needy families last year.

The Department would like to get the toys in soon so that there will be ample time to make repairs, a spokesman said.

Hamlin Mayor Hollis Madden announced this week that the regular meeting of the City Council will be held on Tuesday evening, Sept. 21, rather than on

LIONS CLUB BROOM SALE - Mrs. B. H. Gardner signs a check for her purchases made during the sidewalk sale of brooms, mops and other household items during the annual Lions Club project here Monday and Tuesday. Lions Club members from left are I. J. Starr, Ellis West and Bill Harbert. Proceeds from the sale are used by the club for local projects.

Burleson Seeks to Include Pickups In New Tax Cut

WASHINGTON, D. C. -Congressman Omar Burleson, a member of the Ways and Means Committee of the U.S. House of Representatives, commented briefly today on his effort to include pickup trucks used as passenger vehicles in any legislation to remove the 7 percent excise tax on automobiles.

As the Ways and Means Committee began its hearings on the President's economic proposal, with Secretary John Connally testifying, Congressman Burleson made inquiry about removing the tax on pickup trucks. Burleson pointed out that many farm and ranch families do not own an automobile but use their pickups for both pleasure and business. "It becomes the family car in a great many instances," he said, and indicated there is often little distinction between the use of automobiles and pickups. He continued, "It seems to me that it is discriminatory unless this type of vehicle is included."

The Secretary of the Treasury, responding to Congressman Burleson, said he would arrange to have some estimate of the amount of money involved, but cautioned that some limitation would necessarily be required. He agreed he would have a difficult time distinguishing between the two, as Burleson presented the case.

Congressman Burleson indicated he would continue efforts to remove the excise tax from pickups as the Committee continues its deliberations.

O. H. Weaver, parade chairman, is in charge of staging the 4 p.m. parade

Saturday. Prizes will be awarded for floats in the business and school divisions. Each division will have two categories - beauty and open. Anyone having a float entry should call Weaver at 576-3681

downtown.

Membership dues are \$2.00. Reynolds Drug will be headquarters for registration and paying of membership

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (September 14, 1929)

Monday morning was another pivotal point in the lives of many youngsters. He starts on a new year in his education, whether it be for the first year or the eleventh. And there were 650 such boys and girls to enter the doors of the school building Monday.

With the 650 actual pupils and the visitors and faculty the capacity of the building was more than taxed. As the years come and go Hamlin is finding herself face to face with the problem of providing more and more room for caring for the scholastics of the community.

The Monday morning program stressed the fact that we need more room. And now that the children of this community are again under the instruction of trained men and women, it stands everyone in hand to lend a cooperative hand that the service of teachers may be of the greatest value.

Thursday afternoon, September 6th was the day of 1928 that Hamlin got her first bale of new crop cotton.

Mr. O. R. Brumfield was the lucky man. His bale weighed 388 pounds and was ginned by the Pioneer Gin Free. Then it was brought upon the streets where bidding was brisk. Finally the Acorn Store manager, Mr. Bert Boyd, took it in at twenty-one cents per pound.

Secretary of the Chamber of Commerce, Homer Massey and M. T. Via then took the premium list around and gathered up \$57.25 for Mr. Brumfield.

The cotton was classed as strict middling.

TWENTY YEARS AGO (September 21, 1951)

At Herald Press time Thursday the cotton was beginning to move steadily through the gins.

Twenty-four bales had rolled through the Hamlin Producers Gin, 59 through the Hamlin Farmers Gin, 11 through the Farmers Cooperative Gin of Neinda, making a total of 83 bales for Hamlin proper and 94 for the Hamlin area as a whole. The Farmers Cooperative Gin at McCaulley will not be opened until Monday.

Reception for the 45 teachers of Hamlin Public Schools will be staged next Tuesday evening at 7:30 o'clock. at the Hamlin Elementary School, it was announced this week by officials of the Hamlin Parent-Teacher Association sponsors for the annual get acquainted affair.

Hamlin Rotary and Lions Clubs will furnish escorts for the teachers.

Parents of school students are invited to attend the affair and greet the teachers several of whom are new this year.

Work was started this week on a garage and shop building for busses of the Hamlin Independent Consolidated School District. It is located a block and a half south of the high school building.

Complete shop equipment for repair and maintenance of the school busses will be installed in the new building. Ed Warbington is the mechanic in charge of the shop.

Also on the property will be erected steel fences surrounding the grounds used for storing the busses overnight. The local schools now operate nine busses daily and has two spare vehicles for emergency use, according to Ira C. Huchingson, superintendent of schools.

While the weather continued in the high eighties and low nineties this week, the nights have turned cooler and it is no uncommon circumstance to pull for the blankets shortly after midnight in keeping with West Texas' delightful breezes.

TEN YEARS AGO (September 21, 1961)

Grand opening festivities of Hamlin's newest shopping center are set for this week with the Coin Clean Center, a coin operated laundry and dry cleaning service, to celebrate Friday and Saturday and Bill's Minit Mart, a compelte self service grocery store, to hold their opening Thursday through Saturday.

The shopping center is located on West Lake Drive and employs full use of color in its decorating scheme. The coin clean Center uses red, black and white for a striking contrast effect and Bill's Minit Mart is pale green highlighted with darker green and pink.

Both firms have been in operation for about two weeks.

The shopping center is completely air conditioned and has a huge paved parking area.

The building and the Coin Clean Center are owned by Mr. and Mrs. George Kinney of Stamford. Mrs. Kinney is in the coin operated laundry business in Stamford and was one of the pioneers in this field, starting in 1948. Kinney and his father, J. J. Kinney own Kinney Funeral Home in Stamford. Mr. and Mrs. C. B. Williams of Hamlin are serving as plant managers.

Mr. and Mrs. Bill Early own and operate the modern grocery store. The store is open from 7 a.m. until 9 p.m. on weekdays . Early was formerly with Safeway Stores, serving as butcher in their local store.

Everett Beavers, Jones County Superintendent of Schools, will be the guest speaker at the Saturday morning program of the seventh annual Homecoming for ex-students of the Hamlin Schools. Beaver is a 1928 graduate of Hamlin High School.

Weldon Johnson will head the nominations committee to present names for officers next year.

The Hamlin Freshman football squad defeated the Colorado City Freshmen here last Thursday night, 22-0.

The Hamlin scores came on a 40 yd. screen pass play and on two goal line plunges. They made good two of the three two points.

Neinda Philosopher Wants Cities Built On Mountain Tops to Cut Air Pollution

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One scatters his thoughts around in an unusually random fashion this week. Must be the end of summer.

Dear editar:

The dire plight of the cities, according to the newspapers I've been getting hold of lately, is so great what with overcrowding and air pollution that some experts are saying most of them ought to be torn down and built over.

If 'ney do, they'll probably make the same mistake again. I've been saying for years that every city I've seen was built in the wrong place. Invariably it was built where there're too many people. They ought to build them out in the country.

Even so, they re-locate any, they shouldn't be located on flat ground. Every city ought to be

business district on top. This way you'd cut air pollution a full fifty percent. Dirve your car up to work every morning, but cut the motor off and coast back ternoon.

While I'm on these easy solutions to thorny problems, why hasn't somebody thought of having all labor contracts expire at the same time? No use shutting the railroads down one month, the automobile industry the next, the steel industry the

Why not designate one month, say August, it's too hot to work then anyway, as National Strike Month every year and shut the whole country down.

The rest might do us all good. Speaking of strikes, the recent telephone strike didn't do me any good. Right in the midst of it people could still get me on

the phone. Since I'm not sticking to one

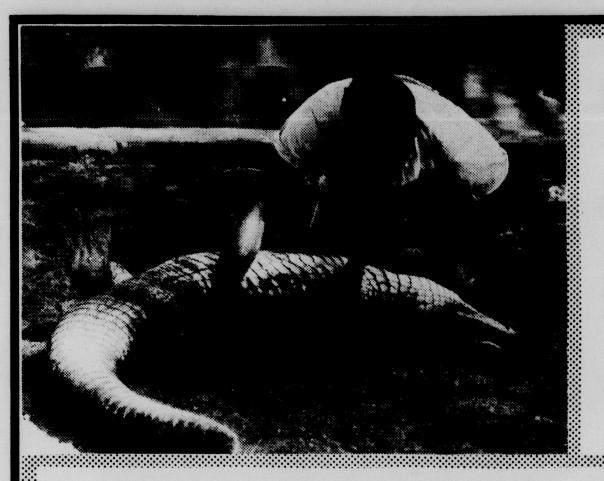

built on a mountain, with the subject this week anyway, I notice a lot of people are wrought up because only one man is running for President of South Viet Nam. Judging from what I've read about the place, home pollution-free in the af- it may be lucky that even one man wants the job, especially after we pull out.

Yours faithfully, J. A.

NEW BABY

Mr. and Mrs. Johnny Snapp of Ft. Campbell, Ky., are parents of a boy, John Paul, born Aug. next, the airlines the next, etc. 19 in the U. S. Army Hospital there. He weighed 8 lbs. 3 oz. The mother is the former Judy Kay Casey of Abilene. Snapp, recently transferred from Armor, is presently working with the Adjutant General Corps Branch as officer in charge of in and out processing section.

> HAD VISITORS? That's news, call the HERALD.

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded — a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

"My fears are causeless and ungrounded,

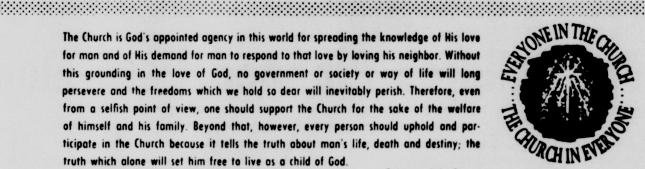

Fantastic dreams and melancholy fumes."

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the

NOW! HEALTHIER TEETH FOR A CHILD'S LIFETIME

If Johnny comes home this fall with two red tablets from school and asks you to chew one after you've brushed your teeth, here's what it is all about.

He is taking part in a dental educational program for third graders sponsored by the Crest Professional Services Division. The tablets contain a harmless water soluble food coloring substance which temporarily colors red any bacteria in food on the teeth indicating how good a cleaning job the brusher is doing. The color not removed by brushing will disappear in several hours.

The tablets, along with a toothbrush and a tube of Crest containing stannous fluoride, are supplied to millions of children annually in a dental education program offered to all third graders. Teachers are provided with instructional materials, including posters, booklets and a film strip, and may request, at no charge, other films on dental health that the company makes available to schools.

The Program was inaugurated in 1963 in response to requests from school officials for educational aids to supplement existing dental health activities. School authorities agreed that the program should be conducted at the third grade level because most children at this age have enough manual dexterity to benefit from classroom brushing instruction. Teaching young children the importance of preventive dentistry can build life-long good dental

Dental education for children is just one aspect of the toothpaste manufacturer's wide-ranging effort to assist in making preventive dentistry a reality. In addition to Procter & Gamble's own extensive research program, the firm commissions scientific studies, sponsors seminars for dental educators and researchers, offers grants and scholarships in dentistry, provides patient educational materials and makes a comprehensive film library available to the dental professions.

BRUSHING CORRECTLY can mean a head start on healthy teeth for a lifetime. The drawing above is taken from instructional dental health aids for school children provided by the Crest Professional Services

The Crest people, however, are the first to admit that dental health must begin in the home. Parents must be actively involved if their children are to have healthy teeth for a lifetime. Even with a school program and a toothpaste with stannous fluoride, dental health cannot be left up to the child alone.

Parents can help their children

- Providing a well-balanced diet, including snack foods such as fruits, cheese or raw vegetables. rather than sweets.

- Limiting intake of food containing sugar to mealtimes rather than at intervals during the day.

Encouraging prompt and proper brushing after eating with a decay preventive fluoride toothpaste.

-Scheduling regular dental checkups.

-Setting a good example by following good personal dental health

Dental health authorities insist that to a large degree tooth decay can be controlled in children of this generation and that they need not lose their teeth, as 20 million adults in our current population have done. The key is preventive

Meeting Set Tues. To Organize Loca Young H'makers

Mrs. Kay Taylor, local homemaking teacher, has announced that she would like to organize a Young Homemakers Chapter. Young Homemakers is an organization for young women interested in homemaking. At monthly meetings, members learn new skills and gain information contributing to home and family living and community leadership.

Active membership is open to women not enrolled in high school and who are not over thirty-five years of age. Women over thirty-five may become associate members, with the rights and privileges of active members, except that of holding office and voting.

All interested women are invited to attend a meeting at 7 p.m. Tuesday, Sept. 21, in the clothing lab at the high school. The purpose of this meeting will be to acquaint prospective members with the organization.

No thoroughly occupied man was ever yet very miserable. -Letitia Landon

BIRTHDAYS CELEBRATED - Four residents of Holiday Lodge were honored Tuesday with the presentation of gifts celebrating their birthdays that occur during the month of September. Honored were, from left, Lucille Jones, who was born Sept. 3, 1892; Lizzie Dansby, Sept. 19, 1887; Ada Burt, Sept. 2, 1880; and Ruby Hymer, Sept. 16, 1883.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (September 14, 1929)

Monday morning was another pivotal point in the lives of many youngsters. He starts on a new year in his education, whether it be for the first year or the eleventh. And there were 650 such boys and girls to enter the doors of the school building Monday.

With the 650 actual pupils and the visitors and faculty the capacity of the building was more than taxed. As the years come and go Hamlin is finding herself face to face with the problem of providing more and more room for caring for the scholastics of the community.

The Monday morning program stressed the fact that we need more room. And now that the children of this community are again under the instruction of trained men and women, it stands everyone in hand to lend a cooperative hand that the service of teachers may be of the greatest value.

Thursday afternoon, September 6th was the day of 1928 that Hamlin got her first bale of new crop cotton.

Mr. O. R. Brumfield was the lucky man. His bale weighed 388 pounds and was ginned by the Pioneer Gin Free. Then it was brought upon the streets where bidding was brisk. Finally the Acorn Store manager, Mr. Bert Boyd, took it in at twenty-one cents per pound.

Secretary of the Chamber of Commerce, Homer Massey and M. T. Via then took the premium list around and gathered up \$57.25 for Mr. Brumfield.

The cotton was classed as strict middling.

TWENTY YEARS AGO (September 21, 1951)

At Herald Press time Thursday the cotton was beginning to move steadily through the gins.

Twenty-four bales had rolled through the Hamlin Producers Gin, 59 through the Hamlin Farmers Gin, 11 through the Farmers Cooperative Gin of Neinda, making a total of 83 bales for Hamlin proper and 94 for the Hamlin area as a whole. The Farmers Cooperative Gin at McCaulley will not be opened until Monday.

Reception for the 45 teachers of Hamlin Public Schools will be staged next Tuesday evening at 7:30 o'clock, at the Hamlin Elementary School, it was announced this week by officials of the Hamlin Parent-Teacher Association sponsors for the annual get acquainted affair.

Hamlin Rotary and Lions Clubs will furnish escorts for the teachers.

Parents of school students are invited to attend the affair and greet the teachers several of whom are new this year.

Work was started this week on a garage and shop building for busses of the Hamlin Independent Consolidated School District. It is located a block and a half south of the high school building.

Complete shop equipment for repair and maintenance of the school busses will be installed in the new building. Ed Warbington is the mechanic in charge of the shop.

Also on the property will be erected steel fences surrounding the grounds used for storing the busses overnight. The local schools now operate nine busses daily and has two spare vehicles for emergency use, according to Ira C. Huchingson, superintendent of schools.

While the weather continued in the high eighties and low nineties this week, the nights have turned cooler and it is no uncommon circumstance to pull for the blankets shortly after midnight in keeping with West Texas' delightful breezes.

TEN YEARS AGO (September 21, 1961)

Grand opening festivities of Hamlin's newest shopping center are set for this week with the Coin Clean Center, a coin operated laundry and dry cleaning service, to celebrate Friday and Saturday and Bill's Minit Mart, a compelte self service grocery store, to hold their opening Thursday through Saturday.

The shopping center is located on West Lake Drive and employs full use of color in its decorating scheme. The coin clean Center uses red, black and white for a striking contrast effect and Bill's Minit Mart is pale green highlighted with darker green and pink.

Both firms have been in operation for about two weeks.

The shopping center is completely air conditioned and has a huge paved parking area.

The building and the Coin Clean Center are owned by Mr. and Mrs. George Kinney of Stamford. Mrs. Kinney is in the coin operated laundry business in Stamford and was one of the pioneers in this field, starting in 1948. Kinney and his father, J. J. Kinney own Kinney Funeral Home in Stamford. Mr. and Mrs. C. B. Williams of Hamlin are serving as plant managers.

Mr. and Mrs. Bill Early own and operate the modern grocery store. The store is open from 7 a.m. until 9 p.m. on weekdays . Early was formerly with Safeway Stores, serving as butcher in their local store.

Everett Beavers, Jones County Superintendent of Schools, will be the guest speaker at the Saturday morning program of the seventh annual Homecoming for ex-students of the Hamlin Schools. Beaver is a 1928 graduate of Hamlin High School.

Weldon Johnson will head the nominations committee to present names for officers next year.

The Hamlin Freshman football squad defeated the Colorado City Freshmen here last Thursday night, 22-0.

The Hamlin scores came on a 40 yd. screen pass play and on two goal line plunges. They made good two of the three two points.

Neinda Philosopher Wants Cities Built On Mountain Tops to Cut Air Pollution

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One scatters his thoughts around in an unusually random fashion this week. Must be the end of summer.

Dear editar

The dire plight of the cities, according to the newspapers I've been getting hold of lately, is so great what with overcrowding and air pollution that some experts are saying most of them ought to be torn down and built over.

If 'ney do, they'll probably make the same mistake again. I've been saying for years that every city I've seen was built in the wrong place. Invariably it was built where there're too many people. They ought to

build them out in the country. Even so, they re-locate any, they shouldn't be located on flat ground. Every city ought to be

built on a mountain, with the subject this week anyway, I business district on top. This notice a lot of people are way you'd cut air pollution a full fifty percent. Dirve your car up to work every morning, but cut the motor off and coast back home pollution-free in the af- it may be lucky that even one

While I'm on these easy solutions to thorny problems, why hasn't somebody thought of having all labor contracts expire at the same time? No use shutting the railroads down one month, the automobile industry the next, the steel industry the next, the airlines the next, etc.

Why not designate one month. say August, it's too hot to work then anyway, as National Strike Month every year and shut the whole country down.

The rest might do us all good. Speaking of strikes, the recent telephone strike didn't do me any good. Right in the midst of it people could still get me on

HAD VISITORS? That's news, call the HERALD.

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded — a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

"My fears are causeless and ungrounded, Fantastic dreams and melancholy fumes.'

There is only one thing that will dispel fear of this type. We must do something

to get out of ourselves. That means loving and helping others. The Bible puts it so well in I John 4:18. "There is no fear in love; but perfect

love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the

Meeting Set Tues. To Organize Loca

Mrs. Kay Taylor, local homemaking teacher, has announced that she would like to organize a Young Homemakers Chapter. Young Homemakers is an organization for young women interested in homemaking. At monthly meetings, members learn new skills and gain information contributing to home and family living and community leadership.

All interested women are invited to attend a meeting at 7 p.m. Tuesday, Sept. 21, in the clothing lab at the high school. The purpose of this meeting will be to acquaint prospective members with the organization.

PRIMARY PUPILS ENJOY TIRES — Pupils in the first grade find the rolling of old tires to be great fun during recreation periods at the primary school.

TAKING A RIDE — Second grade pupils enjoy rolling the biggest tire with a 'passenger' inside during recess at the primary school. The tires were donated by local business concerns.

with an August 2 Austin district district they choose to court finding that House represent. redistricting bill passed this year is unconstitutional because POSTPONED - University of

or if it should be redone before bonds authorized for new 1973. Basic questions are these:

Should House reapredistricting (left untouched by the Legislature) be the subject of an emergency special session?

Redistricting Board take on the job since no valid reapportionment was done by the Legislature in the first regular session after the 1970 census?

Should the Legislature forget about reapportionment before 1972 elections and wait until the 1970 census statistics are all complete and published?

Gov. Preston Smith and Atty. Gen. Crawford Martin once more are on opposite sides of a controversy.

Smith says the Redistricting Board has the "duly constituted responsibility" under the constitution to redistrict, and a special legislative session on reapportionment would be unnecessarily costly

Martin stated in a brief before the Supreme Court a special session "would seem the only correct possibility, but this, too. could become the subject of

A High Court ruling in another case challenging the Redistricting Board's authority may hold the key as to whether it can proceed, whether the Legislature must take over now

Panel Discussion Highlights Class In Family Relations

The Homemaking I classes at Hamlin High School, under the guidance of Mrs. Kay Taylor, have been involved since school started in a unit on Family Relations During the past week, they have been discussing a topic of utmost importance to them-dating.

The highlight of this study was a panel discussion, with several high school boys serving on the panel. The panel gave their opinions on questions which had been submitted earlier by the girls. Some of the questions asked were: Should girls have curfews? If a girl can make rules for safe likes a boy, how should she let movement and operation of him know it? Should a girl carry mobile gasoline service units. money on a date? What is the main thing about a girl's behavior that you don't like?

Boys serving on the panel included Steve Baker, Guy Clifton, Jim Clifton, Dwayne Hertel, Gary Hertel, Bo King, Gary Sheffield, Ray Sonnenburg, Arthur Vanzandt, Jackie Warner and David Willis. Moderators for the discussion were Judy Holden and Rebecca Server.

Charles makes solo jet flight

The Prince of Wales made his first solo flight in a 440-mph jet Provost trainer at Cranwell, Lines. The flight lasted five minutes.

He made his solo after eight hours' instruction instead of the usual 10. The Prince is on a five-month advanced flying course at the Royal Air Force college.

Roy Henningtons Give Program for Retired Teachers

Mr. and Mrs Roy Hennington gave some of the highlights from the book "Memories of McCaulley" recently completed by Mr. Hennington and Mrs. Ora Stephenson Carruth at the Saturday luncheon for members of the Jones County Retired Teachers Association

The meeting was held here in Hamlin Restaurant with Mrs. Earl Brown, president, presiding.

Attending were E. M. Connell, M. H. Galbreath and Miss Arrie Barrett, all of Anson; T. R. Tinsley, Mrs. B. B. Gay and Mrs. Lilla Heflin, all of Stamford; Mr. and Mrs. H. L. Williams, Mr. and Mrs. Hennington, Mrs. D. W. Stell, Mrs. all of Hamlin.

The next meeting will be at Cliff House Restaurant in Stamford Nov. 13 with Mr. Tinsley in charge of the program.

Comeuppance for Creditors

Mrs. Olson was home alone when two husky men came to her

"We're from the appliance store," they announced, "and we are going to repossess your

Despite her protests, they barged into the house, seized the stove, and carried it away-leaving soot stains all over the rug.

Understandably upset, Mrs. Olson determined to sue the store for damages. In court, the proprietor told the judge:

'Maybe my boys did get a little careless. I am willing to pay for cleaning her rug. But aside from that, she suffered no harm. After all, she was behind in her payments." However, the judge held him

liable not only for the rug but also for "punitive damages"-that is, extra damages imposed to teach him a lesson.

The law is taking an increasingly stern view of "rough stuff" by creditors in the repossession of merchandise. To discourage such tactics, most courts will award punitive damages to the debtor, over and above any actual harm

This is especially true when the

repossessor resorts to personal violence. Thus, a court awarded punitive damages to a housewife after her sewing machine was repossessed at the point of a pistol. In another case, a furniture dealer told a widow she could have extra time to pay for her purchases because she had to have an operation. But while she was in the hospital, he broke into her house and decamped with the furniture. Here, too, a court found

punitive damages. Nevertheless, the law does not frown on the basic idea of repossession. By giving the creditor a simple and speedy remedy against the delinquent debtor, it can keep down the cost of credit for other consumers.

ample grounds for awarding

Repeatedly, courts have found nothing improper when a reposin front of a debtor's house or even in his driveway. As one court pointed out, the seller is merely taking back - "without force, threats, or even stealth"—what is rightfully his.

HANDYMANUAL TIP

By HERBERT T. LEAVY

Publisher of Handymanual

Cleaning Aluminum

Can you advise me as to how I can clean the aluminum storm doors on my house? They are very grimylooking, and in the flat areas there seems to be ground-in dirt that settled there when the road nearby was resurfaced.

Franklyn Arete, Smithtown, N.Y.

There are many chemical cleaners available for this purpose. The chemical is brushed on the surface, allowed to stand for about half an hour, then washed off with soap and water. Check with your local hardware store or supermarket to see what specific brands they carry.

Termite Terror

We have found evidence of termites around our house and wish to make it termite-proof. Our well is located under the house, and the pump is in the cellar. Will the water be contaminated by the poison used to exterminate the termites?

K.T., Warsaw, Pa.

It is definitely dangerous to use termite-control chemicals near subterranean water supplies. Mechanical means should be used to exterminate the pests under these conditions. If you can't do the job, hire a reputable exterminator.

Painting Concrete

Our concrete front porch and steps are about 10 years old and have been painted three times, the last time two years ago. Before we painted, we carefully prepared the surface, scraping off all loose paint. "spotting" the bare spots, and giving the concrete a good coating of concrete paint, with no thinner or anything else added. This winter, much of the paint (all three coats in most places) has scaled off, exposing the

bare concrete. Also in most places, a white fuzz (efflorescence?) has appeared. Can you tell us what is happening here, and what can be done to remedy the situation? Emmett Larson, Chicago, Ill.

Exterior concrete does not lend itself well to painting, as there is always a certain amount of water absorption by the concrete that knocks off the paint from the inside. Also, the alkali concentration in the cement causes the efflorescence you mention-this situation corrects itself in time and should be less of a factor as years goes by. Application of a silicone coating over the concrete as a sealer is highly effective

Driftwood

I have found a lovely piece of driftwood and want to make it into a base for a lamp. What is the best finish to use?

in providing a base for paint.

B. McMinn, San Francisco, Cal.

First scrub off all dirt with a stiff wire brush, then wash it clean with soap and water. Sand the rough spots smooth, if the seawater hasn't already done this, then finish it as you would any clear wood. You can varnish it, give it a coat of thinned shellac, or simply wax it. You can also stain it if you wish to change its color.

Some of the most commonly asked questions about perplexing homeowner problems are answered here. If you have a problem, ask us about it. We will answer as many as possible in this column. Write You Asked Us, Countrywide's Handymanual, 222 Park Ave. South, New York, N.Y. 10003. Sorry, no questions can be answered personally.

Social Security Card 'Lost' in 1936 In Michigan Is Returned in Honolulu

A man whose social security card was "lost" in Michigan in 1936 had it returned to him in Hawaii recently when he learned he was entitled to monthly social security benefits.

Frederick D. Chinnock, now a chapel organist at Fort Shafter, Honolulu, was issued one of the first social security numbers in Michigan more than 35 years ago.

He was notified of his social security number, but he never saw his original card until after it was found in an old safe that was sold recently in Bay City, Michigan.

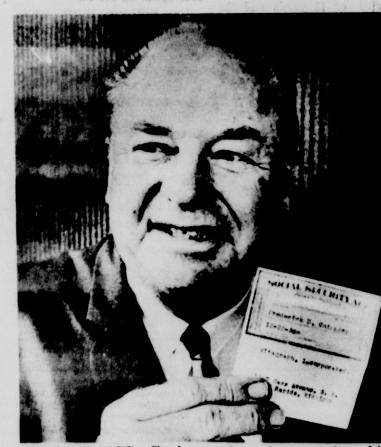

The card was returned to him-over 5,000 miles-via social security offices in Bay

City and Honolulu. When he finally got his card, Chinnock had just turned 62 and was eligible for reduced retirement benefits. His social security credit was recorded to his number through the years even though his original card was lost.

Full social security retirement benefits are payable to eligible workers at age 65; reduced benefits at

During the early days of social security, it was comsessor towed away a car parked mon for employers to receive and keep their employees' social security cards. Now, however, workers are urged to keep their cards and show the card to the employer whenever they change jobs to assure that the number-and subsequent earnings-are recorded accurately.

The old safe in which

THE LOST CARD—Frederick D. Chinnock of Honolulu got his social security number in Michigan in 1936, but his employer kept the card and Chinnock never saw it until it was found in an old

Chinnock's original card was found had been used by his first employer in Michigan, the now defunct Vitagraph movie theater com-

"I had never given social security a thought since the day I applied for the card," Chinnock said. He kept his social security number engraved on a watch, "but the card was always a mystery." He could have applied for a duplicate card at any social security office-but he never did.

To return the card, the Social Security Administration traced Chinnock through the names and addresses of his employers listed with his name and number on his earnings record.

Chinnock worked for Vitagraph as a theater attendance checker and later took military training in Wisconsin. He moved to Hawaii in 1956.

Mr. and Mrs. Gilbert Castillo of Roscoe are parents of a girl, Sherry Ann, 6 lbs. 81/2 oz. born Sept. 11 at 7:51 p.m.

safe and returned to him this year. Chinnock, an organist, also learned that he's now eligible for reduced social security retirement benefits because he is

Social security records are confidential, but Chinnock gave permission to publish the story of his long-lost card.

"This is wonderful," he said. "I have the card and some benefits."

Mr. and Mrs. Joe M. Cata of Aspermont are parents of a girl, Judy Lee, 6 lbs. 2 oz., born Sept. 4 at 4:52 a.m.

Mr. and Mrs. Chester Lynn Warshaw of Sweetwater are parents of a girl, Angela Denise, 6 lbs. 7 oz., born Sept. 4 at 7:35

Mr. and Mrs. Bernardo Ortega Jr. of Anson are parents of a girl, Ester Sue, 7 lbs. 61/2 oz., born Sept. 12 at 3:25 a.m.

Draperies and bedspreads are essentials but they needn't be dull. Instead of buying the usual, shop the linen departments for colorbright striped and printed sheets, no-iron, of course. Don't be shy Keep in mind that today's look is color-plus-pattern. If you're handy with scissors and tape, try making curtains and spreads from lightweight plastic vinyl, again thinking

NATIONAL HIGHWAY WEEK SEPT. 19-25

Blizzards Edge Pipers In **Defensive Duel Here 21-16**

A hard fought defensive duel for nearly three quarters kept either team from crossing the other's goal line here Friday night in the season opener for the Hamlin Pied Pipers and the Winters Blizzards. But a wild spurt of offensive fire works opened up late in the third period and all during the fourth with Winters coming out on top, 21-16.

Both teams were plagued with opening night fumbles with Winters losing the ball six times by this route and Hamlin four. Winters lost the ball on fumbles on their first three possessions and three more times in the second half. All of Hamlin's fumbles came in the second half with one of them setting up the winning touchdown for Winters.

Both teams managed only one scoring threat each in the first half with Winters driving to the Hamlin five yard line before giving up the ball on a fumble and Hamlin drove to the Winters 19 before losing the ball on

Winters drew first blood late the third period with a 59 yard scoring drive that took 8 plays. The touchdown came on a 31 yard run up the middle by Halfback Lee Choate. Choate kicked the point after. Winters scored again early in the fourth period when Halfback Jerry Mack Jackson climaxed a 87 yard drive with a 38 yard scoring run. Choate again kicked the point after.

Hamlin Quarterback Milton Jones quickly got the Pipers back in the ballgame with a 62 yard keeper on the first play following the kickoff. He swept his right end for the two-point

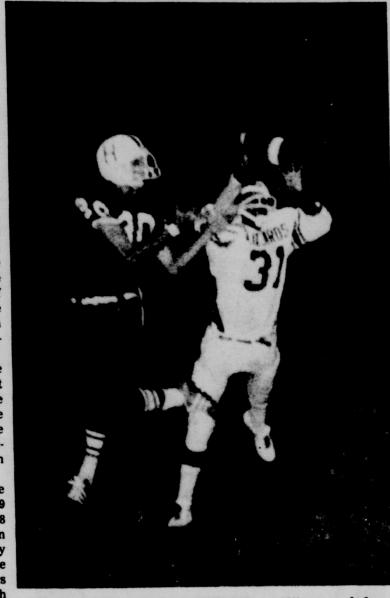

After a series of fumbles by both teams, the Blizzards scored their final tally of the evening when Fred Dela Cruz carried for 13 yards and the score. Choate kicked his third point after.

Putting the ball into play on their 20, the Pipers gained five yards on a run by Halfback David Willis and then brought the crowd to its feet as Halfback Johnny Jones raced around his right end and out ran everyone to the end zone for the score. Willis took a pitch out for the two pointer. But time ran out for the Pipers as there was only 48 seconds left on the clock when they kicked off to the Blizzards who hung onto the ball for the final two plays of the game.

Winters took the opening kickoff and returned it to their 31. It took them five plays to get to the Hamlin 35 only to lose the ball on their first fumble of the night. The Pipers failed to make a first down and Rick Rodgers got off his first punt of the night, a 38 yarder.

Taking over at their 30, Winters lost yardage on a penalty and then gave up the ball on a fumble on their own 26. But four plays later the Pipers gave up the ball on Winters 27. Winters drove back down the field to the Hamlin 12, only to fumble again with Hamlin recovering on their own 5.

Failing to gain yardage, the Pipers called on Rodgers again to get them out of the hole. He got off a 51 yard punt that drove the Blizzards back to their 46. Gaining a first down at the Hamlin 38, the Blizzards had to give up the ball again on the Hamlin 30 when the Piper defenses rose up and stopped final 38 yards. The point after

TRIES FOR INTERCEPTION - Winters defensive back Billy Ray Grant (31) goes for the interception but misses in the action here Friday evening. Rick Rodgers (80) was the intended receiver.

them for four downs. The combination of Quar- HAMLIN terback Jones and Fullback 8 Albert McAfee was good for 50 303 yards in six plays as the Pipers 0 But two running plays and two 1 Passes Intercepted by 1 incomplete passes failed to gain 4 for 33 Punts Average 2 for 34 the first down and Winters took 0 for 0 Penalties, Yards 4 for 50

over again on the 23. The Blizzards drove back down to the Hamlin 25 before giving up the ball again on HAMLIN downs. Winters intercepted a WINTERS Hamlin pass to get the ball back at the Hamlin 27 but failed to make a first down. Taking over on their 29, the Pipers gained over nine yards in three plays and with time running out tried to pick up the needed short yardage for the first but failed.

A 15 yard penalty moved the Blizzards back and they punted from the Hamlin 47 as the half ended.

The fumble bug hit the Pipers as they opened the second half as they fumbled the ball on the first play from scrimmage, got the ball back from Winters on a fumble, only to fumble again after McAfee had picked up 25 vards in four carries to the Winters 42. But Winter's possession of the football was fourth down fumble at the eight.

off a Blizzard pass at his 39. The Pipers failed to make a first and punted out to the a fourth down fumble, this time Winters 41. From this point Winters opened up their first scoring drive with Choate scoring from the Hamlin 31.

Following the kickoff, Johnny Jones ripped off 48 yards before being tackled by the face mask, which added 15 more yards to the gain. Operating from the Winters 18, the Pipers could only pick up five of the needed yardage for a first and gave up the ball on the Winters 13.

It took Winters only 7 plays to convert this possession into a score with Jackson going the

Joe Mayes returned the kickoff 25 yards to the Hamlin 38 and Quarterback Jones faked into the middle of the line and raced around his left end for 62 vards and the score. The same play, only to the other side was good for the two pointer, making the score now 14-8.

The two teams exchanged punts following the kickoff with Hamlin coming up on the short end with 11 yard kick that was returned to the Hamlin 8. The Hamlin defensive unit rose up to the occasion and aided by a five yard penalty, took over on a short lived as Rodgers picked But a Hamlin fumble on first down put the defense back to work and again they recovered on their 10.

After moving the ball out to the 19, the Pipers were in trouble again as they lost another fumble. Taking over on the Hamlin 22, it took Winters only two plays to score. The point after made it 21-8.

Winters kicked into the endzone with the Pipers taking over on their 20. Willis carried out to the 25 and then Johnny Jones took off around his right end, picked up some good blocks, broke away from one would be tackler, and raced the 75 yards to pay dirt. Willis took the option pitch from Milton Jones and went in standing up for the two-pointer. The score was now 21-16 but time was running out. Winters Quarterback Steve

The Piper offense rolled up 158 yards on the ground in the fourth period with Johnny Jones coming up with the night's top rushing honors with 131 yards in six carries. High for Winters was Jackson with 128 yards in 20 carries. Milton Jones carried the ball 6 times and gained 91 yards and McAfee carried into the line 22 times, picking up 79

yards for the evening.

Tatom held onto the ball for two

plays and ran out the clock.

David Drummond, son of Mr. and Mrs. G. W. Drummond, is on the coaching staff of West Texas State University under Coach Gene Mayfield. He is also doing graduate study in the field

Mrs. Willie Mae Flectcher is in Richardson visiting with her sister and husband, Mr. and Mrs. Morris James.

Mr. and Mrs. Les Houseworth returned Saturday afternoon from Oklahoma where they visited their daughter and her husband, Mr. and Mrs. James Clausen.

Mr. and Mrs. J. C. King of San Angelo spent Monday here visiting in the home of her sister and husband, Mr. and Mrs. Lynn Flowers.

Visiting in the home of Mr. and Mrs. H. L. Boles last weekend were their son and family, Mr. and Mrs. Donald Boles and children of Lewisville, and their daughter and family, Mr. and Mrs. Sam Houston and children of Abilene.

FROM LAST WEEK

Fields are getting dry enough now for farmers to get back to their plowing. While fields were still too wet to be worked after the rains, a lot of folks put in good time to mow around their homes. This makes the country look pretty.

Mr. and Mrs. Charles Godard and children, Donny and Dale Jean of Abilene were here visiting with her mother, Mrs. Adele Dudensing.

Roy Wienke of Lubbock spent several days here last week visiting his mother, Mrs. W. G. Wienke.

Mr. and Mrs. Derrel Sawyers have moved here recently from Abilene to the Ella Pumphrey place. Mrs. Pumprey has moved to Stamford. While we regret losing Mrs. Pumphrey from our community, we do welcome Mr. and Mrs. Sawyers.

We also welcome Charles Smith to our community. He has recently moved on the Carl Hunt place.

Airman Clifford C. Gholson. son of Mr. and Mrs. J. C. Gholson, has recently completed basic training at Lackland AFB, Texas. He has been assigned to Sheppard AFB, Texas, for training as a medical services specialist.

Carrie Helen Kutach 75, a former resident of this community, passed away Aug. 28 in Haskell. Funeral services were held at Saint Ann Catholic Church in Stamford. A brother, Joe Bubela, lives here. Other survivors include her husband, and one daughter, Carrie Helen Spurek of Stamford.

Mr. and Mrs. Thomas Letz and children of Austin spent the Labor Day weekend here visiting with their parents, Mr. and Mrs.Charlie Letz and Mr. and Mrs. C. T. Pierce, and daughters, Debra and Denice.

Mr. and Mrs. Jerry Callicoatte and children of Midland were also here visiting with their parents, Mr. and Mrs. Charlie Letz and Mr. and Mrs. Delos Callicoatte.

Former Resident, Melton Bailey, Dies In Accident

Melton A. Bailey of Lewisville, 34, a former Hamlin resident and grandson of Mr. and Mrs. Clarence Bailey, was killed at 9:20 a.m. Friday in a one car accident near Silver Lake. He was enroute to Hawkins to get his family. His wife, Patricia, had been with her parents in Hawkins convalescing after surgery.

Funeral services were held at 2 p.m. Sunday in Mineola in English Funeral Chapel. Rev. C. M. White officiated. Burial was in Hawkins City Cemetery. Bailey attended school in Hamlin and was graduated from Odessa High School. He attended Texas Christian

University. He had been employed by Braniff Airlines in Customer Service Department at Love Field in Dallas for 10 years. He was a member of the Baptist Values to Church. The family had just recently bought a home in Lewisville. The couple had lived in Dallas since their marriage

eight years ago. Survivors include his wife, one son, Chuck 2, one daughter. Cynthia Ann, 4, both of the home; his father and stepmother, Mr. and Mrs. Mark Bailey of Lakeside, Calif., his mother and stepfather, Mr. Mr. and Mrs. A. L. Hickerson of Odessa and numerous other relatives.

Relatives from this area include three aunts, Mrs. Bill Adair, Mrs. Laura Tucker and Mrs. J. L. Woodson of Stamford; second cousins, Glen L. Adair and Mrs. Jack Wicker.

Attending the funeral were his grandparents, Mr. and Mrs. Bailey, Mrs. Tucker, Bill Adair, Glen L. Adair and Mrs. L. B. Petty, all of Hamlin, and Mrs. Woodson of Stamford.

Ray Sonnenburg Named Freshman Class President

Ray Sonnenburg was elected president of the Freshman Class at the class meeting held last Wednesday.

Elected to serve also were Cheryl Lewis, vice president; Rebecca Server, secretary; Kimi Mehaffey, treasurer; and Vickie Ponder, reporter.

Sonja Williams was elected Piper Queen nominee.

Chosen as class favorites were Rita Casey and Ricci Harughty. A rose was chosen class flower.

Also chosen were Mr. and Mrs. H. L. Mehaffey and Mr., and Mrs. Gerald Young, class parents; and Milburn Wink and Tim Jones, sponsors.

Letter Writer Seeks More Fan Action At Games

The thought passed my mind Friday night at the football game with Winters that the "folk" in the center section must have thought that they were at home watching football on T. V. Hardly any of them uttered a sound or ever stood up. It has always been a custom where I came from, and at other places too, to at least stand up and yell when the football team comes on the field and for kickoffs, etc. Please, ADULTS, lets get behind the PIPERS. Lets show them that we have town spirit. After all they are our team too. Lets all go to the games and YELL.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Some random notes following the opening game of the new football

season. I was very impressed, and I think most Hamlin fans were too, with the play of our young ball club in their opener. Their defensive efforts, particularly on their own goal line, were quite impressive. It took the boys a little while to find their offense

but when they did it really exploded. It is too early to make any kind of predictions as to their won-loss record for the year, but it is not too early to predict that they are going to be an exciting team to watch.

Although most of them seemed to show up just about at kickoff time, the turnout for the first game was real good and I hope it will continue that way throughout the season. Might I suggest though that those of you arriving late are missing a lot of the color and excitement of the pre-game ceremonies.

And if you arrived too late to hear Terrie Gregory sing the "Star Spangled Banner" and "The Piper Song" you missed a real treat. This is a special added touch that I hope can be continued through the years.

Sitting up in the press box before the game started it occured to me that high school football has become quite a production and is probably one of the best entertainment buys to be found anywhere. With all of its tensions, the bands, the cheerleaders. the drama and the excitement that all go together to make up high school football it makes for quite an evening. I suspect that those people who don't even like football would find the evening worthwhile.

People pay \$6 and \$7 to see pro games and nearly that much to see college games and I doubt if they really get as much for their money.

As in seasons past, the Hamlin Volunteer Fire Department was on hand to park cars again and they do a remarkable job. I have not been to a game anywhere else where the parking was handled any better.

I also noticed that the Hamlin Police Department was on hand after the game to direct traffic and I believe this too was appreciated by

See you in Clyde Friday.

Bobby Crowley, local postmaster, reports that the rural mail carriers have seen a lot of rattlesnakes around the rural mail boxes in the past few weeks. In fact they have killed several.

For the safety of the people getting the mail out of these boxes they urge that the approaches be kept clean the year round. It is expected that snakes will be moving around a lot for the next 45 days or so as they are traveling back to their dens.

There are still some unanswered questions concerning the House redistricting since the State Supreme Court turned down the bill passed by the Legislature as unconstitutional. But one thing at least, it is not likely that Jones County will be split into two different districts whenever the job is done over.

At this point it is not certain just who will get the job of drawing up the new lines but they will have to have a very good reason before dividing a county into two different districts unless the county is big enough to have one or more districts.

State leaders are hoping that the Supreme Court will settle the questions as to whether the Legislature will have to do the job over or if the special committee can do it.

SHORT YARDAGE — Albert McAfee (25) sophomore fullback goes for short yardage against the Winters Blizzards here Friday evening. McAfee carried 22 times for a total of 79 yards during the game. Other Pipers in the picture, left to right, are: Dwayne Hertel (51), Fernando Rangel (61) and Mike Donham (70).

Pipers to Journey To Clyde Friday

The Hamlin Pied Pipers will be out of avenge their 30-14 loss last year to the Clyde Bulldogs Friday evening when the journey to Clyde for a rematch. The Pipers will be seeking their first win of the young season after dropping their opener to Winters last week, 21-16.

The Bulldogs will be seeking their second win of the season Friday, following their last minute 14-7 victory over Merkel.

The Pipers hope to have senior Fullback Barry Mc-Donald back in the lineup for the game Friday. McDonald was in the hospital over the weekend and missed the game with Winters. Coach Deane

Wright said the Pipers came out of the Winters game without any injuries and should have everybody ready for Clyde. In reviewing the game for the

Kickoff time will be at 8 p.m. **Booster Club** Seeks Money

For Scoreboard Club voted here Monday evening to undertake a fund raising project to replace the scoreboard at the football field. The new

staff was very proud of the way the boys played against Winters. He said we made a lot of mistakes, which was not unexpected from such a young club, but the boys never did Pied Piper Booster Club Monday evening, Coach Wright said that the coaching

Scouting reports on Clyde show that they have a big team again this year with their front line weighing over 200 pounds per man. Top ball carrier for Clyde is Gary Barr at halfback, who saw lots of action against Hamlin last year as he carried 26 times for 114 yards.

Running in the backfield with Barr will be Jackie Fleming at quarterback who throws the ball real well long, Doug Horner at halfback who is a good receiver and also passes on the option sweep or pass play, and Endgate Hawk at wingback. Taking Barr's place in the backfield during part of the game against Merkel was Craig Loper who is fast and a hard

Townspeople Invited to Pep Rally Friday

An invitation to the townspeople to attend the Friday pep rallys has been extended by the cheerleaders of Hamlin High

School. Shelley Holtz, head cheerleader, said that the cheerleaders would like to have as many as possible of the

adults of Hamlin attend. The pep rally will be held at 8:30 a.m. Friday in the practice gym at the high school.

Cheerleaders this year are Diane Ford, Becky Wright, Pam Peace, Ken Shira Stephanie Willingham and Miss

Fans of all ages are urged to be on hand to give the players a big send off for the first out of

"We are proud of our Pipers and we want them to know that we are behind them," the

Lone Star Gas

The Hamlin office of Lone Star Gas moved into a new building here Monday, according to local manager

Free Public Immunization Program For Children Planned Here Monday

A free public immunization for children will be held here Monday, Sept. 20, according to Mrs. W. W. Wallace, school

The clinic will be set up in the junior high building in the auditorium from 10 to 12 a.m. In the afternoon it will be operated in the primary school cafeteria from 1:30 to 3 p.m. Parents of pre-school children are urged to take their children to either building.

The Senate Bill 27, amending section 2.09 of the Texas Education Code, was signed into law by Governor Preston Smith Apr. 26. This law is now in effect and requires that all children entering Texas elementary or secondary schools or institutions of higher education must have been immunized against six diseases: diptheria, tetanus, poliomyelitis, measles, rubella

and smallpox. The law states that "the State Department of Health shall provide the required immunizations to children in areas where no local provision exists to provide these services."

The clinic to be held here will be under the direction of John Black of the State Health Department. Immunizations to be given will be diptheria, whooping cough, tetanus, polio and both measles. Smallpox will not be given at this time but arrangements may be made with Mrs. Wallace at the school for administration to school age

The Monday clinic is the first of three clinics to be held a

Activities for Homecoming Announced By Ex-students

Some 2,000 letters have been mailed to former students and teachers of Hamlin High School announcing plans for the annual Homecoming to be held Oct. 8, 9, according to Jack G. Willingham, president of the Hamlin High School Exstudents Association.

Activities will get underway Friday, Oct. 8, with a Chili Supper at the high school cafetorium from 5:30 to 7:30 p.m. Raymond Scifres and J. O. Murphree are chairmen.

The Bonfire and pep rally will be staged near the stadium after the chili supper. Shelley Holtz and Miss Dora Mitchell are making arrangements for

type of vehicle is included."

Gregory, Raymond Scifres, and Jerry Smith.

John Ferguson is program chairman for the business meeting to be held from 1:30 to 2:30 p.m.

O. H. Weaver, parade chairman, is in charge of staging the 4 p.m. parade Saturday. Prizes will be awarded for floats in the business and school divisions. Each division will have two categories - beauty and open. Anyone having a float entry should call Weaver at 576-3681 or 576-2620.

Highlighting the homecoming will be the football game at 7:30 p.m. in Piper Stadium when the Pipers meet Jacksboro.

The after-game coffee will be planned by Mrs. L. C. Bonds. Other committee chairmen named include Mrs. Kenneth Riddle, hostess for the queen; Mrs. Holman Jones, ex-student float; Mrs. Guy Weaver, Little Piper float; Student Council, downtown decorations; Arlie Cassle, window decorations for downtown

Membership dues are \$2.00. Reynolds Drug will be headquarters for registration and paying of membership

Fire Department Seeks Repairable

The Hamlin Volunteer Fire Department is voicing a plea for toys in good or repairable condition, especially bicycles and tricycles.

This has become an annual Christmas project for the Fire Department and many good toys were distributed to needy

announced this week that the regular meeting of the City Council will be held on Tuesday evening, Sept. 21, rather than on Monday.

Toys for Project

families last year.

The Department would like to get the toys in soon so that there will be ample time to make repairs, a spokesman said.

Hamlin Mayor Hollis Madden

LIONS CLUB BROOM SALE - Mrs. B. H. Gardner signs a check for her purchases made during the sidewalk sale of brooms, mops and other household items during the annual Lions Club project here Monday and Tuesday. Lions Club members from left are I. J. Starr, Ellis West and Bill Harbert. Proceeds from the sale are used by the club for local projects.

three doses with last dose within 10 years. Booster dose only JV's to Travel after initial series. MEASLES - One dose of

vaccine or history of measles illness in grades one through five, recommended but not required on an individualized basis if history of vaccine or illness is thought to be negative.

RUBELLA — One dose of vaccine. Not required past age 12 years.

SMALLPOX - One vaccination within the past 10

Mrs. Wallace re-emphasized the fact that the children must must take all three doses when recommended and pre-school children should take advantage of the clinics.

To comply with the law all students must have started immunizations by Jan. 1, 1972, and complete them as soon as medically feasible.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (September 14, 1929)

Monday morning was another pivotal point in the lives of many youngsters. He starts on a new year in his education, whether it be for the first year or the eleventh. And there were 650 such boys and girls to enter the doors of the school building Monday

With the 650 actual pupils and the visitors and faculty the capacity of the building was more than taxed. As the years come and go Hamlin is finding herself face to face with the problem of providing more and more room for caring for the scholastics of the community.

The Monday morning program stressed the fact that we need more room. And now that the children of this community are again under the instruction of trained men and women, it stands everyone in hand to lend a cooperative hand that the service of teachers may be of the greatest value.

Thursday afternoon, September 6th was the day of 1928 that Hamlin got her first bale of new crop cotton.

Mr. O. R. Brumfield was the lucky man. His bale weighed 388 pounds and was ginned by the Pioneer Gin Free. Then it was brought upon the streets where bidding was brisk. Finally the Acorn Store manager, Mr. Bert Boyd, took it in at twenty-one cents per pound.

Secretary of the Chamber of Commerce, Homer Massey and M. T. Via then took the premium list around and gathered up \$57.25 for Mr. Brumfield.

The cotton was classed as strict middling.

TWENTY YEARS AGO (September 21, 1951)

At Herald Press time Thursday the cotton was beginning to move steadily through the gins.

Twenty-four bales had rolled through the Hamlin Producers Gin, 59 through the Hamlin Farmers Gin. 11 through the Farmers Cooperative Gin of Neinda, making a total of 83 bales for Hamlin proper and 94 for the Hamlin area as a whole. The Farmers Cooperative Gin at McCaulley will not be opened until Monday.

Reception for the 45 teachers of Hamlin Public Schools will be staged next Tuesday evening at 7:30 o'clock, at the Hamlin Elementary School, it was announced this week by officials of the Hamlin Parent-Teacher Association sponsors for the annual get acquainted affair.

Hamlin Rotary and Lions Clubs will furnish escorts for the teachers.

Parents of school students are invited to attend the affair and greet the teachers several of whom are new this year.

Work was started this week on a garage and shop building for busses of the Hamlin Independent Consolidated School District. It is located school building.

Complete shop equipment for repair and maintenance of the school busses will be installed in the new building. Ed Warbington is the mechanic in charge of the shop.

Also on the property will be erected steel fences surrounding the grounds used for storing the busses overnight. The local schools now operate nine busses daily and has two spare vehicles for emergency use, according to Ira C. Huchingson, superintendent of schools.

While the weather continued in the high eighties and low nineties this week, the nights have turned cooler and it is no uncommon circumstance to pull for the blankets shortly after midnight in keeping with West Texas' delightful breezes.

TEN YEARS AGO (September 21, 1961)

Grand opening festivities of Hamlin's newest shopping center are set for this week with the Coin Clean Center, a coin operated laundry and dry cleaning service, to celebrate Friday and Saturday and Bill's Minit Mart, a compelte self service grocery store, to hold their opening Thursday through Saturday.

The shopping center is located on West Lake Drive and employs full use of color in its decorating scheme. The coin clean Center uses red, black and white for a striking contrast effect and Bill's Minit Mart is pale green highlighted with darker green and pink.

Both firms have been in operation for about two weeks.

The shopping center is completely air conditioned and has a huge paved parking area.

The building and the Coin Clean Center are owned by Mr. and Mrs. George Kinney of Stamford. Mrs. Kinney is in the coin operated laundry business in Stamford and was one of the pioneers in this field, starting in 1948. Kinney and his father, J. J. Kinney own Kinney Funeral Home in Stamford. Mr. and Mrs. C. B. Williams of Hamlin are serving as plant managers.

Mr. and Mrs. Bill Early own and operate the modern grocery store. The store is open from 7 a.m. until 9 p.m. on weekdays . Early was formerly with Safeway Stores, serving as butcher in their local store.

Everett Beavers, Jones County Superintendent of Schools, will be the guest speaker at the Saturday morning program of the seventh annual Homecoming for ex-students of the Hamlin Schools. Beaver is a 1928 graduate of Hamlin High School.

Weldon Johnson will head the nominations committee to present names for officers next year.

The Hamlin Freshman football squad defeated the Colorado City Freshmen here last Thursday night,

The Hamlin scores came on a 40 yd. screen pass play and on two goal line plunges. They made good two of the

a block and a half south of the high three two points. Neinda Philosopher Wants Cities Built On Mountain Tops to Cut Air Pollution

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One scatters his thoughts around in an unusually random fashion this week. Must be the end of summer.

Dear editar:

The dire plight of the cities, according to the newspapers I've been getting hold of lately, is so great what with overcrowding and air pollution that some experts are saying most of them ought to be torn down and built over

If they do, they'll probably make the same mistake again. I've been saying for years that every city I've seen was built in the wrong place. Invariably it was built where there're too many people. They ought to build them out in the country.

Even so, they re-locate any, they shouldn't be located on flat ground. Every city ought to be

built on a mountain, with the subject this week anyway, I business district on top. This notice a lot of people are way you'd cut air pollution a full wrought up because only one fifty percent. Dirve your car up to work every morning, but cut the motor off and coast back home pollution-free in the af- it may be lucky that even one

solutions to thorny problems, why hasn't somebody thought of having all labor contracts expire at the same time? No use shutting the railroads down one month, the automobile industry the next, the steel industry the

Why not designate one month, say August, it's too hot to work then anyway, as National Strike Month every year and shut the whole country down.

The rest might do us all good. Speaking of strikes, the recent telephone strike didn't do me any good. Right in the midst of it people could still get me on the phone.

Since I'm not sticking to one

man is running for President of South Viet Nam. Judging from what I've read about the place, man wants the job, especially While I'm on these easy after we pull out.

Yours faithfully, J. A.

NEW BABY

Mr. and Mrs. Johnny Snapp of Ft. Campbell, Ky., are parents of a boy, John Paul, born Aug. next, the airlines the next, etc. 19 in the U.S. Army Hospital there. He weighed 8 lbs. 3 oz. The mother is the former Judy Kay Casey of Abilene. Snapp, recently transferred from Armor, is presently working with the Adjutant General Corps Branch as officer in charge of in and out processing

> HAD VISITORS? That's news, call the HERALD.

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our

Many of our fears are real. A great many of our fears, however, are unfounded — a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

"My fears are causeless and ungrounded,

Fantastic dreams and melancholy fumes."

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NOW! HEALTHIER TEETH FOR A 33 CHILD'S LIFETIME

If Johnny comes home this fall with two red tablets from school and asks you to chew one after you've brushed your teeth, here's what it is all about.

He is taking part in a dental educational program for third graders sponsored by the Crest Professional Services Division. The tablets contain a harmless water soluble food coloring substance which temporarily colors red any bacteria in food on the teeth indicating how good a cleaning job the brusher is doing. The color not removed by brushing will disappear in several hours.

The tablets, along with a toothbrush and a tube of Crest containing stannous fluoride, are supplied to millions of children annually in a dental education program offered to all third graders. Teachers are provided with instructional materials, including posters, booklets and a film strip, and may request, at no charge, other films on dental health that the company makes available to schools.

The Program was inaugurated in 1963 in response to requests from school officials for educational aids to supplement existing dental health activities. School authorities agreed that the program should be conducted at the third grade level because most children at this age have enough manual dexterity to benefit from classroom brushing instruction. ethnic groups, will meet Teaching young children the im-Tuesday evening at 7:30 p.m. in portance of preventive dentistry the Foods Lab of the can build life-long good dental

Dental education for children is just one aspect of the toothpaste manufacturer's wide-ranging effort to assist in making preventive dentistry a reality. In addition to Procter & Gamble's own extensive attend. Mrs. Joe Wayne Carter research program, the firm commissions scientific studies, sponsors seminars for dental educators and researchers, offers grants and scholarships in dentistry, provides patient educational materials and makes a comprehensive film library available to the dental pro-The Hamlin Garden Club fessions.

BRUSHING CORRECTLY can mean a head start on healthy teeth for a ifetime. The drawing above is taken from instructional dental health aids for school children provided by the Crest Professional Services

The Crest people, however, are the first to admit that dental health must begin in the home. Parents must be actively involved if their children are to have healthy teeth for a lifetime. Even with a school program and a toothpaste with stannous fluoride, dental health cannot be left up to the child alone

Parents can help their children

- Providing a well-balanced diet, including snack foods such as fruits, cheese or raw vegetables, rather than sweets.

- Limiting intake of food containing sugar to mealtimes rather than at intervals during the day.

Encouraging prompt and proper brushing after eating with a decay preventive fluoride toothpaste.

-Scheduling regular dental

-Setting a good example by following good personal dental health

- Posting this checklist as a re-

Dental health authorities insist that to a large degree tooth decay can be controlled in children of this generation and that they need not lose their teeth, as 20 million adults in our current population have done. The key is preventive

Young H'makers

Mrs. Kay Taylor, local homemaking teacher, has announced that she would like to organize a Young Homemakers Chapter. Young Homemakers is an organization for young women interested in homemaking. At monthly meetings, members learn new skills and gain information contributing to home and family living and community

Active membership is open to women not enrolled in high school and who are not over thirty-five years of age. Women over thirty-five may become associate members, with the rights and privileges of active members, except that of holding office and voting.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (September 14, 1929)

Monday morning was another pivotal point in the lives of many youngsters. He starts on a new year in his education, whether it be for the first year or the eleventh. And there were 650 such boys and girls to enter the doors of the school building Monday.

With the 650 actual pupils and the visitors and faculty the capacity of the building was more than taxed. As the years come and go Hamlin is finding herself face to face with the problem of providing more and more room for caring for the scholastics of the community.

The Monday morning program stressed the fact that we need more room. And now that the children of this community are again under the instruction of trained men and women, it stands everyone in hand to lend a cooperative hand that the service of teachers may be of the greatest value.

Thursday afternoon, September 6th was the day of 1928 that Hamlin got her first bale of new crop cotton.

Mr. O. R. Brumfield was the lucky man. His bale weighed 388 pounds and was ginned by the Pioneer Gin Free. Then it was brought upon the streets where bidding was brisk. Finally the Acorn Store manager, Mr. Bert Boyd, took it in at twenty-one cents per pound.

Secretary of the Chamber of Commerce, Homer Massey and M. T. Via then took the premium list around and gathered up \$57.25 for Mr. Brumfield.

The cotton was classed as strict middling.

TWENTY YEARS AGO (September 21, 1951)

At Herald Press time Thursday the cotton was beginning to move steadily through the gins.

Twenty-four bales had rolled through the Hamlin Producers Gin, 59 through the Hamlin Farmers Gin, 11 through the Farmers Cooperative Gin of Neinda, making a total of 83 bales for Hamlin proper and 94 for the Hamlin area as a whole. The Farmers Cooperative Gin at McCaulley will not be opened until Monday.

Reception for the 45 teachers of Hamlin Public Schools will be staged next Tuesday evening at 7:30 o'clock, at the Hamlin Elementary School, it was announced this week by officials of the Hamlin Parent-Teacher Association sponsors for the annual get acquainted affair.

Hamlin Rotary and Lions Clubs will furnish escorts for the teachers.

Parents of school students are invited to attend the affair and greet the teachers several of whom are new this year.

Work was started this week on a garage and shop building for busses of the Hamlin Independent Consolidated School District. It is located a block and a half south of the high school building.

Editor's note: The Neinda

Philosopher on his Johnson

grass farm on Route One

scatters his thoughts

around in an unusually

random fashion this week.

Must be the end of summer.

The dire plight of the cities,

according to the newspapers

is so great what with over-

Dear editar:

Complete shop equipment for repair and maintenance of the school busses will be installed in the new building. Ed Warbington is the mechanic in charge of the shop.

Also on the property will be erected steel fences surrounding the grounds used for storing the busses overnight. The local schools now operate nine busses daily and has two spare vehicles for emergency use, according to Ira C. Huchingson, superintendent of schools.

While the weather continued in the high eighties and low nineties this week, the nights have turned cooler and it is no uncommon circumstance to pull for the blankets shortly after midnight in keeping with West Texas' delightful breezes.

TEN YEARS AGO (September 21, 1961)

Grand opening festivities of Hamlin's newest shopping center are set for this week with the Coin Clean Center, a coin operated laundry and dry cleaning service, to celebrate Friday and Saturday and Bill's Minit Mart, a compelte self service grocery store, to hold their opening Thursday through Saturday.

The shopping center is located on West Lake Drive and employs full use of color in its decorating scheme. The coin clean Center uses red, black and white for a striking contrast effect and Bill's Minit Mart is pale green highlighted with darker green and pink.

Both firms have been in operation for about two weeks.

The shopping center is completely air conditioned and has a huge paved parking area.

The building and the Coin Clean Center are owned by Mr. and Mrs. George Kinney of Stamford. Mrs. Kinney is in the coin operated laundry business in Stamford and was one of the pioneers in this field, starting in 1948. Kinney and his father, J. J. Kinney own Kinney Funeral Home in Stamford. Mr. and Mrs. C. B. Williams of Hamlin are serving as plant managers.

Mr. and Mrs. Bill Early own and operate the modern grocery store. The store is open from 7 a.m. until 9 p.m. on weekdays . Early was formerly with Safeway Stores, serving as butcher in their local store.

Everett Beavers, Jones County Superintendent of Schools, will be the guest speaker at the Saturday morning program of the seventh annual Homecoming for ex-students of the Hamlin Schools. Beaver is a 1928 graduate of Hamlin High School.

Weldon Johnson will head the nominations committee to present names for officers next year.

The Hamlin Freshman football squad defeated the Colorado City Freshmen here last Thursday night,

The Hamlin scores came on a 40 yd. screen pass play and on two goal line plunges. They made good two of the three two points.

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our

Many of our fears are real. A great many of our fears, however, are unfounded - a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

"My fears are causeless and ungrounded,

Fantastic dreams and melancholy fumes."

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

IT'S A FUN-**OPPORTUNITY**

Do you remember when your little girl wore pigtails? Or when her freckles started to fade? Even the most astute parents will forget how their children looked at certain times in their growing

A relatively inexpensive and easy way to record those fond memories permanently is through the school photography programs so many communities offer. Because school pictures are taken on a regular basis each year, they can provide a complete growth record of your child.

Compiled over the years these school photographs will be enjoyed by family and friends. So to make the most of this opportunity, prepare your children carefully for school photography day. Here are some useful hints to help you plan

Since more than 90 percent of these photographs are taken in color, dress your son or daughter in flattering shades. Avoid bold plaids and patterns. Knits and other wrinkle-proof fabrics are a boon because they won't muss before camera time.

Smooth, unfussy hairstyles are best, with hair clean and shiny.

NOW! HEALTHIER TEETH FOR A 33 CHILD'S LIFETIME

If Johnny comes home this fall with two red tablets from school and asks you to chew one after you've brushed your teeth, here's what it is all about.

He is taking part in a dental educational program for third graders sponsored by the Crest Professional Services Division. The tablets contain a harmless water soluble food coloring substance which temporarily colors red any bacteria in food on the teeth indicating how good a cleaning job the brusher is doing. The color not removed by brushing will disappear in several hours.

The tablets, along with a toothbrush and a tube of Crest containing stannous fluoride, are supplied to millions of children annually in a dental education program offered to all third graders. Teachers are provided with instructional materials, including posters, booklets and a film strip, and may request, at no charge, other films on dental health that the company makes available to schools.

The Program was inaugurated in 1963 in response to requests from school officials for educational aids to supplement existing dental health activities. School authorities agreed that the program should be conducted at the third grade level because most children at this age have enough manual dexterity to benefit from classroom brushing instruction. Teaching young children the importance of preventive dentistry can build life-long good dental

Dental education for children is just one aspect of the toothpaste manufacturer's wide-ranging effort to assist in making preventive dentistry a reality. In addition to Procter & Gamble's own extensive research program, the firm commissions scientific studies, sponsors seminars for dental educators and researchers, offers grants and scholarships in dentistry, provides patient educational materials and makes a comprehensive film library available to the dental pro-

BRUSHING CORRECTLY can mean a head start on healthy teeth for a lifetime. The drawing above is taken from instructional dental health aids for school children provided by the Crest Professional Services

The Crest people, however, are the first to admit that dental health must begin in the home. Parents must be actively involved if their children are to have healthy teeth for a lifetime. Even with a school program and a toothpaste with stannous fluoride, dental health cannot be left up to the child alone

Parents can help their children

Dental health authorities insist that to a large degree tooth decay can be controlled in children of this generation and that they need not lose their teeth, as 20 million adults in our current population have done. The key is preventive

Meeting Set Tues. To Organize Loca Young H'makers

Mrs. Kay Taylor, local homemaking teacher, has announced that she would like to organize a Young Homemakers Chapter. Young Homemakers is an organization for young women interested in homemaking. At monthly meetings, members learn new skills and gain information contributing to home and family living and community leadership.

Active membership is open to women not enrolled in high school and who are not over thirty-five years of age. Women over thirty-five may become associate members, with the rights and privileges of active members, except that of holding office and voting.

All interested women are invited to attend a meeting at 7 p.m. Tuesday, Sept. 21, in the clothing lab at the high school. The purpose of this meeting will be to acquaint prospective members with the organization.

No thoroughly occupied man was ever yet very miserable. -Letitia Landon

BIRTHDAYS CELEBRATED — Four residents of Holiday Lodge were honored Tuesday with the presentation of gifts celebrating their birthdays that occur during the month of September. Honored were, from left, Lucille Jones, who was born Sept. 3, 1892; Lizzie Dansby, Sept. 19, 1887; Ada Burt, Sept. 2, 1880; and Ruby Hymer, Sept. 16, 1883.

Here Sept. 6

Licensed Vocational Nurses Association met Sept. 6 in the primary cafetorium.

Attending were Mmes. R. W. Higdon, president; S. A. Teague, Cecil Brown, W. R. Perryman, J. W. Scifres and Carmon Herring.

The Homemaking I classes at Hamlin High School, under the guidance of Mrs. Kay Taylor, have been involved since school started in a unit on Family Relations During the past week, they have been discussing a topic of utmost importance to them-dating.

The highlight of this study was a panel discussion, with Sen. Ralph Hall of Rockwall several high school boys serhas promised an announcement ving on the panel. The panel for lieutenant governor here gave their opinions on questions which had been submitted earlier by the girls. Some of the the State Board of Insurance questions asked were: Should girls have curfews? If a girl likes a boy, how should she let careless. I am willing to pay for Michigan in 1936 had it rehim know it? Should a girl carry cleaning her rug. But aside from money on a date? What is the main thing about a girl's behavior that you don't like?

> Boys serving on the panel included Steve Baker, Guy Clifton, Jim Clifton, Dwayne Hertel, Gary Hertel, Bo King, Gary Sheffield, Ray Sonnenburg, Arthur Vanzandt, Jackie Warner and David Willis. Moderators for the discussion were Judy Holden and Rebecca Server.

Three Workshops Planned In Area For Libraries

Three workshops for Public hearings were held librarians in the Abilene area this week (starting September will be conducted during the 14) on \$23.3 million worth of new last week in September and the first week in October by Vanita Rothell, field consultant of the Texas State Library's Field Services Division.

Area librarians are invited to attend the most convenient

Charles makes solo jet flight

The Prince of Wales made his first solo flight in a 440-mph jet Provost trainer at Cranwell, Lines. The flight lasted five Gordon Wells, Blake West, and minutes.

He made his solo after eight hours' instruction instead of the usual 10. The Prince is on a five-month advanced flying course at the Royal Air Force college.

Roy Henningtons Give Program for **Retired Teachers**

Mr. and Mrs Roy Hennington and Mrs. Dick Allen, former gave some of the highlights from the book "Memories of McCaulley" recently completed by Mr. Hennington and Mrs. Ora Stephenson Carruth at the Saturday luncheon for members of the Jones County Retired Teachers Association.

The meeting was held here in Hamlin Restaurant with Mrs. died Nov. 9, 1958. She passed Earl Brown, president, presiding.

Attending were E. M. Connell, M. H. Galbreath and Miss Arrie Barrett, all of Anson; T. R. Tinsley, Mrs. B. B. Gay and Mrs. Lilla Heflin, all of Stamford; Mr. and Mrs. H. L. Williams, Mr. and Mrs. Hennington, Mrs. D. W. Stell, Mrs. B. H. Gardner and Mrs. Brown, all of Hamlin.

The next meeting will be at Cliff House Restaurant in Stamford Nov. 13 with Mr. Tinsley in charge of the program.

Comeuppance for Creditors

Mrs. Olson was home alone when two husky men came to her

"We're from the appliance store," they announced, "and we are going to repossess your

Despite her protests, they barged into the house, seized the stove, and carried it away-leaving soot stains all over the rug.

Understandably upset, Mrs. Olson determined to sue the store for damages. In court, the proprietor told the judge:

"Maybe my boys did get a little that, she suffered no harm. After all, she was behind in her payments."

However, the judge held him liable not only for the rug but also for "punitive damages"—that is, extra damages imposed to teach him a lesson. The law is taking an increas-

ingly stern view of "rough stuff" by creditors in the repossession of merchandise. To discourage such tactics, most courts will award punitive damages to the debtor, over and above any actual harm

This is especially true when the repossessor resorts to personal violence. Thus, a court awarded punitive damages to a housewife after her sewing machine was repossessed at the point of a pistol.

In another case, a furniture dealer told a widow she could have extra time to pay for her purchases because she had to have an operation. But while she was in the hospital, he broke into her house and decamped with the furniture. Here, too, a court found ample grounds for awarding punitive damages.

Nevertheless, the law does not frown on the basic idea of repossession. By giving the creditor a simple and speedy remedy against the delinquent debtor, it can keep down the cost of credit for other

Repeatedly, courts have found nothing improper when a repossessor towed away a car parked mon for employers to rein front of a debtor's house or even in his driveway. As one court pointed out, the seller is merely taking back - "without force, threats, or even stealth"-what is rightfully his.

seems to be ground-in dirt that settled there when the road nearby was resurfaced. Franklyn Arete, Smithtown, N.Y. There are many chemical cleaners available for this purpose. The chemical is brushed on the surface, allowed to stand for about half an hour, then washed off with soap and water. Check with your local hardware store or supermarket to see what specific brands they carry. **Termite Terror**

Cleaning Aluminum

Can you advise me as to how I

can clean the aluminum storm doors

on my house? They are very grimy-

looking, and in the flat areas there

We have found evidence of termites around our house and wish to make it termite-proof. Our well is located under the house, and the pump is in the cellar. Will the water be contaminated by the poison used to exterminate the termites?

K.T., Warsaw, Pa.

It is definitely dangerous to use termite-control chemicals near subterranean water supplies. Mechanical mèans should be used to exterminate the pests under these conditions. If you can't do the job, hire a reputable exterminator.

Painting Concrete

Our concrete front porch and steps are about 10 years old and have been painted three times, the last time two years ago. Before we painted, we carefully prepared the surface, scraping off all loose paint, "spotting" the bare spots, and giving the concrete a good coating of concrete paint, with no thinner or anything else added. This winter, much of the paint (all three coats in most places) has scaled off, exposing the

bare concrete. Also in most places, a white fuzz (efflorescence?) has appeared. Can you tell us what is happening here, and what can be done to remedy the situation?

Emmett Larson, Chicago, Ill.

Exterior concrete does not lend itself well to painting, as there is always a certain amount of water absorption by the concrete that knocks off the paint from the inside. Also, the alkali concentration in the cement causes the efflorescence you mention-this situation corrects itself in time and should be less of a factor as years goes by. Application of a silicone coating over the concrete as a sealer is highly effective in providing a base for paint.

Driftwood

I have found a lovely piece of driftwood and want to make it into a base for a lamp. What is the best finish to use?

B. McMinn, San Francisco, Cal.

First scrub off all dirt with a stiff wire brush, then wash it clean with soap and water. Sand the rough spots smooth, if the seawater hasn't already done this, then finish it as you would any clear wood. You can varnish it, give it a coat of thinned shellac, or simply wax it. You can also stain it if you wish to change its color.

Some of the most commonly asked questions about perplexing homeowner problems are answered here. If you have a problem, ask us about it. We will answer as many as possible in this column. Social Security Card 'Lost' in 1936 In Michigan Is Returned in Honolulu

A man whose social security card was "lost" in turned to him in Hav recently when he learned he was entitled to monthly social security benefits.

Frederick D. Chinnock, now a chapel organist at Fort Shafter, Honolulu, was issued one of the first social security numbers in Michigan more than 35 years ago.

He was notified of his social security number, but he never saw his original card until after it was found in an old safe that was sold recently in Bay City, Michigan.

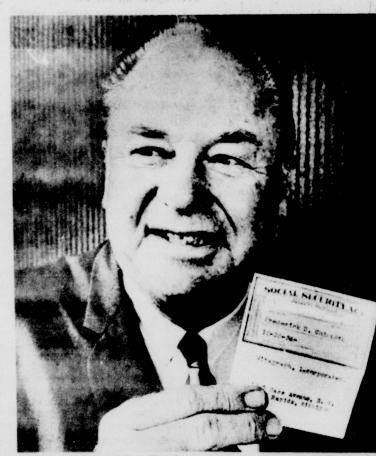

The card was returned to him—over 5,000 miles—via social security offices in Bay City and Honolulu.

When he finally got his card, Chinnock had just turned 62 and was eligible for reduced retirement benefits. His social security credit was recorded to his number through the years even though his original card was lost.

Full social security retirement benefits are payable to eligible workers at age 65; reduced benefits at

During the early days of social security, it was comceive and keep their employees' social security cards. Now, however, workers are urged to keep their cards and show the card to the employer whenever they change jobs to assure that the number-and subsequent earnings-are recorded accurately.

The old safe in which

Chinnock's original card was found had been used by his first employer in Michigan, the now defunct Vitagraph movie theater com-

"I had never given social security a thought since the day I applied for the card," Chinnock said. He kept his social security number engraved on a watch, "but the card was always a mystery." He could have applied for a duplicate card at any social security office-but he never did.

To return the card, the Social Security Administration traced Chinnock through the names and addresses of his employers listed with his name and number on his earnings record.

Chinnock worked for Vitagraph as a theater attendance checker and later took military training in Wisconsin. He moved to Hawaii in 1956.

Instead of buying the usual, shop the linen departments for colorbright striped and printed sheets, no-iron, of course. Don't be shy. Keep in mind that today's look is color-plus-pattern. If you're handy with scissors and tape, try making curtains and spreads from lightweight plastic vinyl, again thinking of color

NATIONAL HIGHWAY WEEK SEPT. 19-25

Blizzards Edge Pipers In **Defensive Duel Here 21-16**

A hard fought defensive duel for nearly three quarters kept either team from crossing the other's goal line here Friday night in the season opener for the Hamlin Pied Pipers and the Winters Blizzards. But a wild spurt of offensive fire works opened up late in the third period and all during the fourth with Winters coming out on top,

Both teams were plagued with opening night fumbles with Winters losing the ball six times by this route and Hamlin four. Winters lost the ball on fumbles on their first three possessions and three more times in the second half. All of Hamlin's fumbles came in the second half with one of them setting up the winning touchdown for Winters.

Both teams managed only one scoring threat each in the first half with Winters driving to the Hamlin five yard line before giving up the ball on a fumble and Hamlin drove to the Winters 19 before losing the ball on

Winters drew first blood late the third period with a 59 yard scoring drive that took 8 plays. The touchdown came on a 31 yard run up the middle by Halfback Lee Choate. Choate kicked the point after. Winters scored again early in the fourth period when Halfback Jerry Mack Jackson climaxed a 87 yard drive with a 38 yard scoring run. Choate again kicked the point after.

Hamlin Quarterback Milton Jones quickly got the Pipers back in the ballgame with a 62 yard keeper on the first play following the kickoff. He swept his right end for the two-point

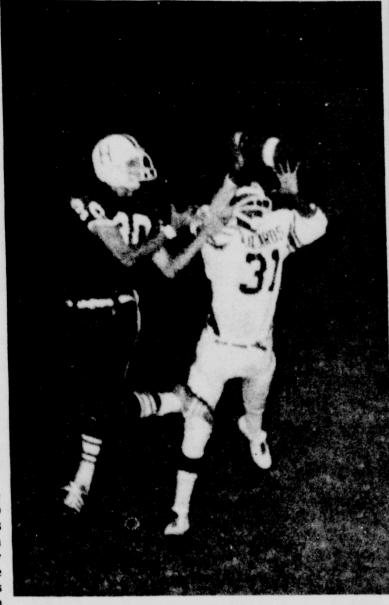

After a series of fumbles by both teams, the Blizzards scored their final tally of the evening when Fred Dela Cruz carried for 13 yards and the score. Choate kicked his third

Putting the ball into play on their 20, the Pipers gained five yards on a run by Halfback David Willis and then brought the crowd to its feet as Halfback Johnny Jones raced around his right end and out ran everyone to the end zone for the score. Willis took a pitch out for the two pointer. But time ran out for the Pipers as there was only 48 seconds left on the clock when they kicked off to the Blizzards who hung onto the ball for the final two plays of the game.

Winters took the opening kickoff and returned it to their 31. It took them five plays to get to the Hamlin 35 only to lose the ball on their first fumble of the night. The Pipers failed to make a first down and Rick Rodgers got off his first punt of the night, a 38 yarder.

Taking over at their 30, Winters lost yardage on a penalty and then gave up the ball on a fumble on their own 26. But four plays later the Pipers gave up the ball on Winters 27. Winters drove back down the field to the Hamlin 12, only to fumble again with Hamlin recovering on their own 5.

Failing to gain yardage, the Pipers called on Rodgers again to get them out of the hole. He got off a 51 yard punt that drove only pick up five of the needed the Blizzards back to their 46. Gaining a first down at the Hamlin 38, the Blizzards had to defenses rose up and stopped final 38 yards. The point after

TRIES FOR INTERCEPTION — Winters defensive back Billy Ray Grant (31) goes for the interception but misses in the action here Friday evening. Rick Rodgers (80) was the intended receiver.

them for four downs.

The combination of Quar- HAMLIN terback Jones and Fullback 8 Albert McAfee was good for 50 303 yards in six plays as the Pipers 0 moved down to the Winters 20. 0 of 10 Passes Completed 0 of 4 But two running plays and two 1 incomplete passes failed to gain 4 for 33 Punts Average 2 for 34 the first down and Winters took 0 for 0 Penalties, Yards 4 for 50 over again on the 23.

The Blizzards drove back down to the Hamlin 25 before downs. Winters intercepted a Hamlin pass to get the ball back at the Hamlin 27 but failed to make a first down. Taking over on their 29, the Pipers gained over nine yards in three plays and with time running out tried to pick up the needed short vardage for the first but failed.

A 15 yard penalty moved the Blizzards back and they punted from the Hamlin 47 as the half

The fumble bug hit the Pipers as they opened the second half as they fumbled the ball on the first play from scrimmage, got the ball back from Winters on a fumble, only to fumble again after McAfee had picked up 25 yards in four carries to the Winters 42. But Winter's short lived as Rodgers picked off a Blizzard pass at his 39.

The Pipers failed to make a first and punted out to the a fourth down fumble, this time Winters 41. From this point on their 10. Winters opened up their first scoring drive with Choate scoring from the Hamlin 31.

Following the kickoff, Johnny Jones ripped off 48 yards before being tackled by the face mask, which added 15 more yards to the gain. Operating from the Winters 18, the Pipers could yardage for a first and gave up

the ball on the Winters 13. It took Winters only 7 plays to give up the ball again on the convert this possession into a Hamlin 30 when the Piper score with Jackson going the

put the Blizzards out in front, 14-

Joe Mayes returned the kickoff 25 yards to the Hamlin 38 and Quarterback Jones faked into the middle of the line and raced around his left end for 62 yards and the score. The same play, only to the other side was good for the two pointer, making the score now 14-8.

The two teams exchanged punts following the kickoff with Hamlin coming up on the short end with 11 yard kick that was returned to the Hamlin 8. The Hamlin defensive unit rose up to the occasion and aided by a five yard penalty, took over on a possession of the football was fourth down fumble at the eight. But a Hamlin fumble on first down put the defense back to work and again they recovered

> After moving the ball out to the 19, the Pipers were in trouble again as they lost another fumble. Taking over on the Hamlin 22, it took Winters only two plays to score. The point after made it 21-8.

Winters kicked into the endzone with the Pipers taking over on their 20. Willis carried out to the 25 and then Johnny Jones took off around his right end, picked up some good blocks, broke away from one would be tackler, and raced the 75 yards to pay dirt. Willis took the option pitch from Milton Jones and went in standing up for the two-pointer. The score was now 21-16 but time was running out. Winters Quarterback Steve Tatom held onto the ball for two plays and ran out the clock.

The Piper offense rolled up 158 yards on the ground in the fourth period with Johnny Jones coming up with the night's top rushing honors with 131 yards in six carries. High for Winters was Jackson with 128 yards in 20 carries. Milton Jones carried the ball 6 times and gained 91 yards and McAfee carried into the line 22 times, picking up 79 yards for the evening.

David Drummond, son of Mr. and Mrs. G. W. Drummond, is on the coaching staff of West Texas State University under Coach Gene Mayfield. He is also doing graduate study in the field of history.

Farmers, Ranchers Warned Of Vehicle Brake Laws

Farmers and ranchers as well less are exempt from vehicle as others in Jones County registration laws. should become familar with the new vehicle brake law passed weighing 15,000 pounds or less recently by the Texas moving temporarily at speeds Legislature, points out County of 30 miles per hour or less are Agent Kirby Clayton.

The new law applies to every registration laws. trailer, semi-trailer, and pole trailer equipped with brakes requirements were added for acting on all wheels which can mobile homes, certain vehicles be applied automatically and in driveway and towaway promptly and remain applied opertions, and certain trucks for at least 15 minutes upon and trucks-tractors having breakway from the towing three or more axles, adds

However, there are some exceptions to the law, adds Department of Public Safety Clayton. Trailers with a gross have more specific information weight of 3,000 pounds or less on the new brake law as well as and those weighing 40 percent the effective date of the various or less of the owing vehicle are provisions of the law.

Also farm trailers or semitrailers moving temporarily on highways at speeds of 30 miles per hour or less and having a gross weight of 10,000 pounds or

Jr. High Teams Defeat Merkel Tuesday Evening

The Seventh and Eighth grade Hamlin Junior High teams sweep their opening games with Merkel Tuesday evening. The Eighth grade defeated Merkel 34-0 and the Seventh grade won 6-0. Both games were played at Merkel. The Eighth grade will travel

to Spur Tuesday for a 6:30 game. The Seventh grade will Tracy Asher scored the six

points for the seventh grade on a quarterback sneak. In the Eighth grade game

Daniel Willis scored two touchdowns and a two point conversion to lead the scoring. Other touchdowns were scored by Gerald Rodgers, Russell May and Robert Morales. A pass from Raymond Jordan to Gary Don Mayes was good for two points.

Mrs. Jane Murphree

Van Newberry Golf Tourney

Van Newberry captured the open division golf championship

The thought passed my mind Friday night at the football game with Winters that the "folk" in the center section must have thought that they were at home watching football on T. V. Hardly any of them uttered a sound or ever stood up. It has always been a custom where I came from, and at other places too, to at least stand up and yell when the football team comes on the field and for kickoffs, etc. Please, ADULTS, lets get behind the PIPERS. Lets show them that we have town spirit. After all they are our team too. Lets all go to the
